2008 County Nutrition Profiles

BACKGROUND INFORMATION ON FEDERAL FOOD PROGRAMS:

Child Nutrition Programs

Through the National School Lunch and School Breakfast Programs, schools provide students of all ages with nutritious meals they need in order to learn. Through the Summer Food Service and Afterschool Snack Programs, schools, non-profit agencies, and recreation programs provide free meals and snacks to students when they are out of school.

Food Stamp Program (FSP)

Providing benefits to over two million Californians, the Food Stamp Program is the largest and most comprehensive federal nutrition assistance program. US citizens and some groups of legal immigrants are eligible if they meet certain income and asset requirements.

Child and Adult Care Food Program (CACFP)

The Child and Adult Care Food Program is the only program that provides funding for meals served in a childcare setting to children up to age 12 and impaired adults. The program provides reimbursements for meals and snacks.

WIC

Formally known as the Special Supplemental Nutrition Program for Women, Infants and Children, WIC is designed for low-income women and children up to age five. WIC provides vouchers for specific nutritious foods along with nutrition education and health care referrals.

2008 Federal Poverty Guidelines
